

Updates From Anna's House

Welcome Back Leticia!

We are thrilled to share with you that our beloved Leticia has returned as our Client Relations Manager! For those who haven't yet met Leticia, she was a long-time volunteer who joined our staff for many years and was a vital connection with our clients. Leticia left to spend time with her family and has recently returned to manage our client relationships.

"I am thrilled to be reunited with Anna's House again, as this organization is incredibly close to my heart.

I firmly believe that God has guided me back to continue our noble mission and serve our community with compassion. I eagerly look forward to reconnecting with you all very soon." shared Leticia.

Volunteer Spotlight

Tom Molloy

Let me start by introducing an extraordinary individual. As a family member of Julie and Pete Molloy, Tom embodies a spirit of unity and collaboration that inspires us all. By taking on the role of our weekly driver, he has demonstrated remarkable adaptability and dedication. When we faced a shortage of drivers and manpower, Tom stepped up to handle up to 10 pallets weekly, displaying unwavering enthusiasm and commitment. His kindness, warmth, and friendly demeanor has touched hearts and earned him a special place in our community. What can we say? Tom is a true asset, a shining example of the impact one person can have, and a constant source of inspiration for us all.

Andrew Schaeffer

We are profoundly blessed to have this outstanding young man on our team. He embodies an irrepressible passion for our mission and an unshakeable commitment to excellence, ensuring our food pantry distribution and weekly deliveries run with clockwork precision. His selfless devotion has been a blessing above and beyond! Andrew is always there to ensure our distribution runs smoothly. We need more volunteers like him!
